

Mariana Dyakova, MD, MPH, PhD, FFPH

Dr Dyakova is the technical focal point for the World Health Organisation (WHO) Collaborating Centre on Investment for Health and Well-being at Public Health Wales. She is also the Consultant Lead for International Health and an Honorary Clinical Research Fellow at the University of Warwick. Mariana has undertaken extensive research, informing policy and practice, in the areas of investment for health and well-being; sustainable development and health; health systems and integrated care; cardiovascular risk assessment and prevention; evidence translation and public health communication and the media. Originally from Bulgaria, she has been actively involved in public health capacity building in South Eastern Europe and in a number of European health projects. Dr Dyakova has gained experience and expertise as a public health academic and professional across England and the European Region. She has been working with the WHO Regional Office for Europe, supporting the 2030 Agenda for Sustainable Development, the Health 2020 Strategy, the Regions for Health Network, and the Healthy Cities. Mariana is a member of the European Public Health Association and the European Health Forum Gastein alumni.
